"A DIP IN THE RIVER"

WORDS OF LIFE AND LIGHT FROM OUR WEEKLY STUDIES

...so where the river flows everything will live. Ezekiel 47:9 NIV

LIFE FROM OUR BOOK CRAZY FAITH

Page 130

"This is an important principle to remember: God never does something on the outside that He hasn't already done on the inside. He's not going to dump a bunch of money (outside) on somebody who hasn't learned stewardship (inside). He's not going to amplify your voice to the nations (outside) until you learn to speak with godly tenderness, affection, and encouragement to your family (inside). He's not going to give authority over more employees and resources (outside) to someone who is still trying to hide in addiction (inside). There's an outside chance those things could happen on their own, but unless God has healed you on the inside, they are not an outside manifestation of His miracle in you."

For Thought and Discussion:
Count the number of times Paul speaks of knowing in Chapter 1.

Why does he emphasize knowledge rather than feelings? (Look for what he says about knowing and thinking in the rest of the letter.)
